Volunteer Experience

Movies on Main Street, Blissfield, MI – 2013

A pop up, free admission, movie showing sponsored by every business on the main strip to help drive investment and community participation.

- Worked with an entrepreneurship club to drive interest to the businesses on main street
- Of all the ideas submitted mine was selected as the winner
- Helped organize the sponsorships as well as worked the event.

North Spaulding Tenants Union, Logan Square, Chicago, IL – 2020

Local tenants Union advocates and educates tenants on their rights, provides access to resources, and focuses on fostering community through local activism.

- Canvassed buildings owned by the same company to build membership
- Contributed to helping dozens of tenants receive two months discounted rent

Work Experience

General Assembly – Fellow, Remote, Chicago, IL January 2022 – April 2022

- 500 hour full-stack immersive bootcamp, implement learning outcomes to design, develop, and deploy full-stack applications
- Proficient in a range of languages: HTML, CSS, Javascript(jquery, react, react-bootstrap), and Python
- Worked with a local UX designer on multiple iterations of each project from wireframes, high-fidelity prototypes, project MVP, and post mvp
- Utilized Git for version control, Github for remote origin storage and Github pages for hosting and deployment

TTSG – Senior Account Executive, River North, Chicago, IL – Feb. 2018 – 2020

- Maintained a list of clients ranging from 10 employee offices to nationwide nonprofits
- Worked closely with executive teams at local businesses to improve worker efficiency in document management, security, and transmission
- Performed in-depth walkthroughs of client workflows and technology costs to reduce overhead and improve functionality department and businesswide

Aldi – Associate, Wicker Park, Chicago, IL April 2020 – November 2020

- Collaborated with management to refine perishable item stocking to reduce employee waste log
- Worked register while exceeding speed quotas for scanned items and number of transactions
- Rotate, label, and dated stock and informed management of close dated items for discount pricing
- Assist customers while balancing normal daily workload
